INDUSTRY EXHIBITOR

- Logo on industry archway
- Name in student onsite program
- Name on event website

As an employer, you have opportunities to contribute and participate in many ways:

EVENT SPONSOR

MiCareerQuest Middle Michigan cannot take place this year without generous, much appreciated financial support from businesses and other organizations across the region. Depending on the visibility level you seek for your company, you have several sponsorship levels to choose from.

CAREER INDUSTRY LEADERSHIP

As a sponsor or by invitation, you can be on a industry steering committee. Each industry needs leaders to identify the best companies and professions to include in order to create a high-quality experience for the students.

The industry champions will be elected by the group and put in charge of the overall composition and flow of their career industry. This includes assuring the hands-on activities complement each other and engage students. The industry champions will be highly visible.

CAREER INDUSTRY EXHIBITORS

As a sponsor or by invitation, you can join a industry team as an exhibitor. There is no registration fee to be an exhibitor. These are the working professionals that will engage directly with the students and share career expertise and advice. They will help design and implement the various job-related demonstrations featuring tools and equipment of their occupations. Enthusiasm for what you do is an important qualification for this role.
