

Agricultural Career Bingo:

- Step One:** Using a device of your choice, go to <https://agexplorer.com/> then scroll down and click the blue 'Career Finder' button.

Next click 'Launch Career Finder' then click 'Start Now.' You will then answer 13 questions (3 about education, 6 about interests and skills, and 4 about career aspirations); be sure to answer all the questions in all three categories truthfully.

- Step Two:** Based on your answers, 3-5 careers will be recommended for you.
- Step Three:** Now go to the Bingo Board. Choose three spaces in a row (it's Bingo!) for research. Notice that two are "open" spaces for you to explore one or two of the careers from your recommendations of Career Finder, if you like.

About The Program

National FFA and Discovery Education have joined forces to create a robust, comprehensive career resource to help you explore the broad range of careers within the industry of agriculture. Agriculture has a variety and abundance of careers that fit within nine exciting career focus areas. Careers may have you using advanced equipment, creating new hybrid seeds, raising animals, managing people or designing new products and packaging.

The industry of agriculture can open up a world of possibilities, and the demand for professionals in every agricultural area is high. Learn more about which career may be right for you by watching the videos, exploring the career pages and completing the Career Finder interactive.

1 in 3 people work in agriculture worldwide.

To research:

- Go to <https://agexplorer.com/>
- There is a search magnifying glass at the top of the page. Type in the career title.
- Choose the career from the list.
- Read, learn, and record on your Bingo card! Please use small font to keep the Bingo Card from overflowing the page.
